

## 9/11 in the Scriptures

### And in pictures

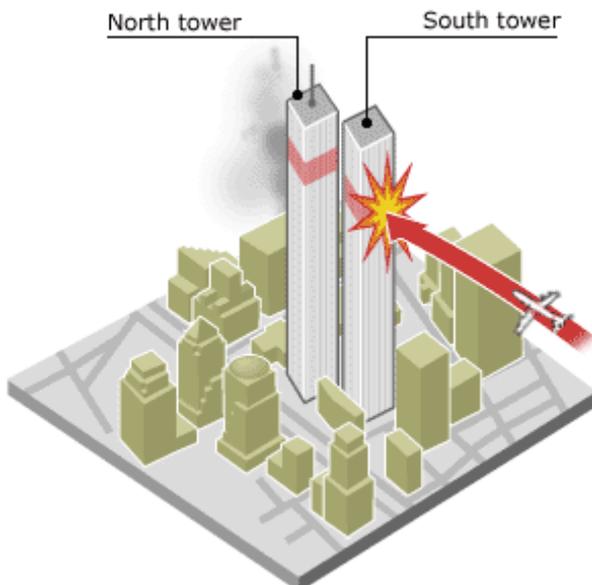

What happened in 9/11 was very strange, many things can not be explained; like the quick falling in dust on the ground of both the Twin Towers:

- 1: The South tower came down totally the 110 floors in 11 seconds; as if it was build with wind or water
- 2: The North tower came down totally the 110 floors in around 18 seconds; where the iron thick pillars and columns are? And what happened with the cement?; or it was not cement, it was saliva

The North Tower: between floor 93 to 97 (4 floors)

The South Tower; between floor 78 to 83 (5 floors)

## 9/11 in Isaiah 47:

<sup>1</sup>**Come down, and sit in the dust, O virgin daughter of Babylon, sit on the ground: *there is no throne*, O daughter of the Chaldeans: for thou shalt no more be called tender and delicate.**

**Sit on the ground: there is no throne** means: to come down all the 110 floors of both of the Twin Towers; to come down in dust until the ground.

There is no throne means that the Twin Towers shall come down in dust not until the 50<sup>th</sup> floor for example, or until the 40<sup>th</sup> floor, or until the 10<sup>th</sup> floor, not even until the first or second floor; but they shall come down in dust until the ground.

Sit on the ground: there is no throne

Come down and sit in the dust:

The south tower in 11 seconds

The North tower came down in dust on the ground in around 18 seconds:

### **9/11 in Isaiah 47: is warning for the meteor**

<sup>1</sup>**Come down**, and **sit in the dust**, O virgin daughter of Babylon, **sit on the ground: there is no throne**, O daughter of the Chaldeans: for thou shalt no more be called tender and delicate. **(That was in 9/11)**

<sup>2</sup>**Take the millstones (meteor)**, and grind meal: uncover thy locks, make bare the leg, uncover the thigh, **pass over the rivers**.

<sup>3</sup>Thy nakedness shall be uncovered, yea, thy shame shall be seen: **I will take vengeance**, and I will not meet *thee as* a man.

***4As for our redeemer, the LORD of hosts is his name, the Holy One of Israel.***

<sup>5</sup>Sit thou silent (**meteor**), and get thee into darkness (**meteor**), O daughter of the Chaldeans: for thou shalt no more be called, The lady of kingdoms.

<sup>6</sup>I was wroth with my people, I have polluted mine inheritance, and given them into thine hand: thou didst shew them no mercy; upon the ancient hast thou very heavily laid thy yoke.

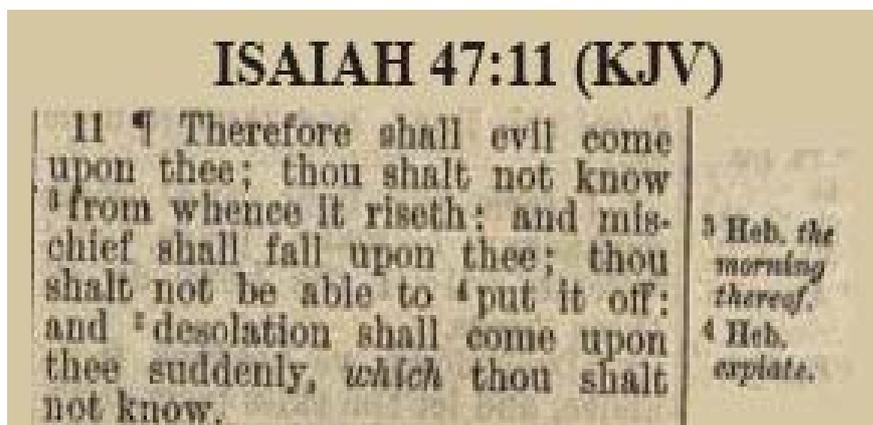

<sup>7</sup>And thou above, I shall be a lady for ever: *so* that thou didst not lay these *things* to thy heart, neither didst remember **the latter end (meteor)** of it.

<sup>8</sup>Therefore hear now this, *thou that art* given to pleasures, that dwellest carelessly, that sayest in thine heart, I *am*, and none else beside me; I shall not sit *as* a widow (**meteor**), neither shall I know the loss of children (**9/11**):

<sup>9</sup>But these two *things* (**9/11and the meteor**) shall come to thee in a moment (**suddenly**) in one day, **the loss of children (9/11)**, and widowhood (**meteor**): they shall come upon thee **in their perfection** for the multitude of thy sorceries, *and* for the great abundance of thine enchantments.

<sup>10</sup>For thou hast trusted in thy wickedness: thou hast said, None seeth me. Thy wisdom and thy knowledge, it hath perverted thee (**or, caused thee to turn away**); and thou hast said in thine heart, I *am*, and none else beside me.

<sup>11</sup>Therefore shall evil (**9/11**) come upon thee; thou shalt not know from whence it riseth (**Heb. the morning thereof**) (**the morning of 9/11**): and mischief (**meteor**) shall fall upon thee; thou shalt not be able to put it off (**Heb. expiate**): and desolation (**meteor**) shall come upon thee **suddenly, which thou shalt not know.**

<sup>12</sup>Stand now with thine enchantments, and with the multitude of **thy sorceries (like NASA)**, wherein thou hast abored from thy youth; if so be thou shalt be able to profit, if so be thou mayest prevail.

<sup>13</sup>Thou art wearied in the multitude of thy counsels. Let now the **astrologers (Heb. viewers of the heavens), the stargazers, the monthly prognosticators, stand up**, and save thee from *these things* that shall come upon thee.

<sup>14</sup>Behold, they shall be as stubble; the fire (**meteor**) shall burn them; they shall not deliver themselves (**Heb. their souls**) from the power of the flame: *there shall not be* a coal to warm at, *nor* fire to sit before it.

<sup>15</sup>Thus shall they be unto thee with whom thou hast abored, **even thy merchants**, from thy youth: they shall wander every one to his quarter; **none shall save thee.**

### **9/11 and the meteor in Revelation**

#### **9/11 in Revelation 11:**

<sup>12</sup>And they (**no hijackers**) heard a great voice **from heaven** saying unto them, Come up hither. And they ascended up to heaven in a cloud (**airplanes**); and **their enemies beheld them.**

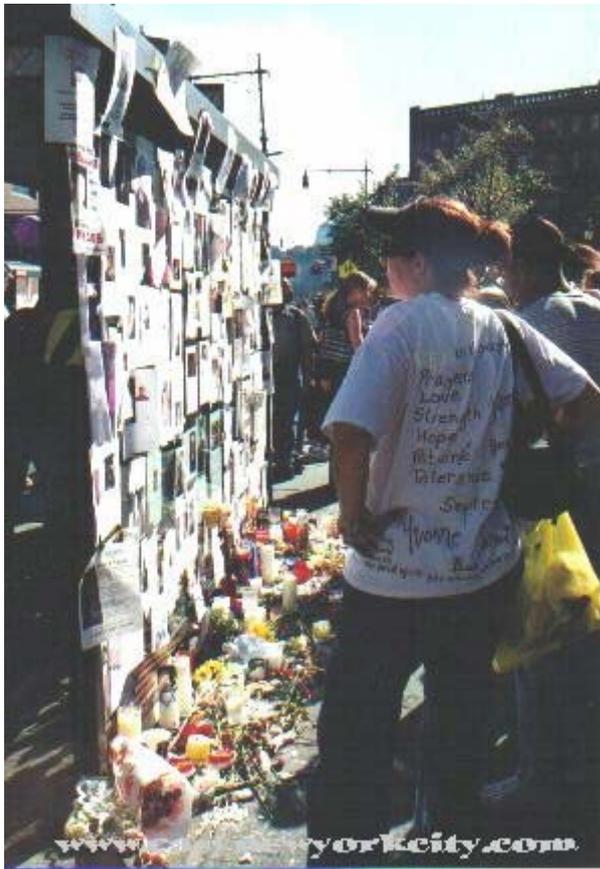

<sup>13</sup>And the same hour was there a **great earthquake**, and **the tenth part of the city fell (Isaiah 47:1: come down, sit in the dust, sit on the ground there is no throne)**, and in the earthquake were **slain** of men (**Gr. names of men**) **seven thousand: and the remnant were affrighted, and gave glory to the God of heaven.**

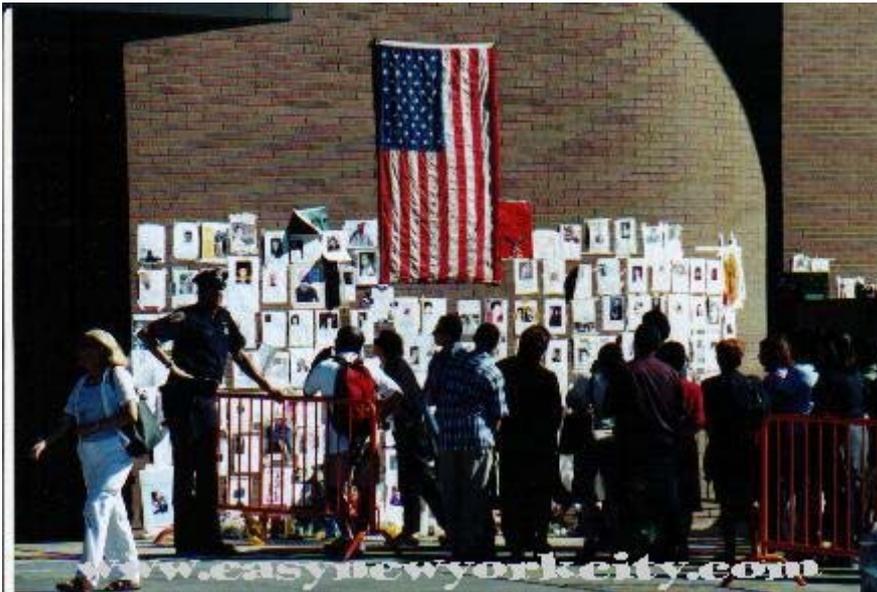

<sup>14</sup>The second woe (**9/11**) is past; *and*, behold, the third woe (**meteor**) **cometh quickly.**

In Isaiah 47: <sup>9</sup>But these two *things* (**9/11 and the meteor**) shall come to thee in a moment (**suddenly**) in one day:

So; in one day means: after 9/11 is past: the falling of the meteor cometh quickly.

Revelation 11: 13: were **slain** of men (Gr. names of men):

# AMERICA UNDER TERROR ATTACK

## Editorial A deadly new world

It is very difficult to imagine that the United States of America is under attack.

Twelve of the country's events are deadly, but there is no denying that we could be on alert.

The world has changed.

We don't know what will happen in the future. We don't know what planes could crash into the towers of the World Trade Center and why another crashed at the Pentagon.

We don't know how many people died, or if the victims had any warning.

We don't know who was behind it, why they pulled the New York City land mark, why they pulled Sept. 11, 2001, to unleash this act of cowardice.

And we don't have the appropriate response.

We don't know the exact relationship of the World Trade Center and Pentagon attacks to the fire on the National Mall in Washington, D.C., or the destruction of the White House, the State Department and the U.S. Treasury. Comments have not been made.

Other things are certain. One thing is certain. The fear that we haven't felt for a long time. The vulnerability of living in a nation that becomes less than the territory of the land, and how our nation will protect its citizens from other acts of terror.

And that may be the most difficult concern to deal with today. The United States has not been under attack from outside its borders for almost an decade. We are not reacting to all their activities. We are not responding to handling national threats.

We've been asked to consider the decision. For so long, it has been another country's promise, and our nation has been an important part. Being by being able and ready to a situation that affects both.

We had better come up to speed. And soon.

We have that our government will respond appropriately. We support President Bush, and we are not looking for the "what" and the "how" to do the right thing.

Today, as we sit through this tragedy, and we look through the events presented, we must stand together as Americans. That may be able to come and unbelievable to others.

But in this new world, there is no alternative. We must be ready. That we know the way.

- Two planes smash into World Trade Center towers
- Blast targets Capitol Hill
- Plane hits Pentagon
- White House evacuated
- FAA shuts down all U.S. airports, cancels all flights

NEW YORK — In a horrific, surprise, all-consumption, moment, two planes crashed into the World Trade Center in a coordinated series of attacks that morning that brought down the twin 110-story towers. An aircraft also crashed at the Pentagon, causing more than the rest of government itself.

"I have a strong feeling," says a source who is a knowledgeable member of the press. "Mayor Rudolph W. Giuliani said, 'Right now, we have to focus on saving as many lives as possible.'"

American had been long to make sure there was no one in the two towers, but many were thought to have been trapped.

At 10:28 a.m., about 10,000 people work at the Trade Center. American Airlines said its two aircraft were carrying a total of 254 people.

"This is perhaps the most catastrophic terrorist attack that's ever taken place in the world," said Chris Yates, an aviation expert at the Transportation Security Administration in London. "It takes a long time to get the air traffic control system to a point where it can be brought back to normal."

"The fact that a full-scale investigation is being conducted in a matter of days is a sign that the government is taking a hard look at the situation."

In Pennsylvania, United Airlines Flight 93, a Boeing 767 en route from Newark, N.J., to San Francisco, crashed about 40 miles northwest of Pittsburgh. The fate of that aircraft was not immediately known and it was not clear if the crash was related to the disaster elsewhere. In a statement, the airline said it was unable to determine what happened to the plane. Flight 93, a Boeing 767 bound from Boston to Los Angeles.

### PLUMES OF SMOKE RISE

From the World Trade Center towers in New York after two different planes slammed into the structures today. At left, people run from the collapse of one of the towers. Right, workers try to seal Lower Manhattan from outside. New York and Washington, D.C., suffered the heaviest coordinated terrorist attacks that also targeted the Pentagon, the White House and Capitol Hill.
